Hi PBI / Ex. 4

Unfortunately no. I have rattled the appropriate management cages, but my efforts to shake something loose have been rather fruitless. I will be out of the country for two weeks, so I have cc'ed my coworker Adam Ross for your convenience in my absence. Adam is also skilled at shaking cages and can answer your questions should anything come up between now and November 6<sup>th</sup>, when I will return.

Best,

Alex Stanton

Hi Alex

Hope all is well in DC. A while back, Ken mentioned that he would check into whether there a process we should follow to make the request below. Have you heard anything from him about this, by chance?

Thanks for your help.

Hi Both,

Happy Friday--I hope you're well. Procedural question for you on **PBI / Ex. 4**

Yesterday, I heard back on another PMN **PBI / Ex. 4** which was initially slated for a SNUR. The SNUR was for PPE (impervious gloves). However, Jeff Bauer called to let me know that he was working on not likely documents and requested an updated SDS to include impervious gloves language.

Is this an option for **PBI / Ex. 4**? They're similar to **PBI / Ex. 4** in that we're looking at PPE restrictions under the **PBI / Ex. 4** Consent Order. Happy to discuss further. Please let me know your thoughts.

Enjoy the weekend!

Thank you,
